

1 February 2024

Dear Parents

## K-12 BACK TO SCHOOL REQUIREMENTS 2024

At the end of Term 4 2023, families received the Back to School Requirements list for 2024. At the time of distribution, the information was correct. However, during the 2023 / 2024 school holidays, Principals were advised, via email from the Department of Education, that schools are now asked to provide more resources for our classrooms.

We understand that families may have already purchased their stationery based on the original communication, and of course those resources would be greatly appreciated and put to use in your child's classroom.

We apologise for any confusion and inconvenience this has caused. Thank you for your understanding.

Yours sincerely

Amanda Cooper  
PRINCIPAL
